Why a Traffic Exchange?

Users of Traffic Exchanges are people just like you, people who want to make money online. Some want to make “a little extra”, and some want to have the freedom of working from the comfort of their own home.

With some time and effort... you can make money using Traffic Exchanges. The very best tips and tricks can be found in Robert Puddy's [Hidden Traffic Formula](#).

Are you on a tight budget?

My good friend, Scott Douglas, has put together an amazing system any newbie can use to easily start profiting with Traffic Exchanges.

As a member of [TE Profits](#) Scott will show you how to turn your traffic into leads for your business, then convert your leads into paying customers on autopilot. You will also discover a strategy for upgrading your Traffic Exchange memberships and increasing your positive cash flow in the process.

However... you won't make a hill 'o beans unless you know how to *use* a Traffic Exchange. That's what this manual is about.

All the ins and outs of [BootScootinTraffic](#)... in great detail.

When I check my email... I'll find an email from Sunny Suggs - BST
<admin@bootscootintraffic.com>

Inside, it will give you your username and password, and an activation link.

“To activate your account you have to open the following link and login to your account: “

And then show this really really long link for you to click. Click it.

This will take you to [BootScootinTraffic](#), where you can click the “Member Login” button on the left, to login.

Add My Sites -

When you first join, [BootScootinTraffic](#) prompts you to add a website. This section is how to add additional websites to promote, and some troubleshooting tips.

In this example, we'll add the splash page from [All About Online Payments](#).

Click the “Manage My Sites” button on the left side of the member's area.

All About Traffic Exchanges

You have 1/5 site(s)

One you click the “Add” button, the verification process starts.

All About Traffic Exchanges

This is the “Framebreaker” test... it checks to make sure your site doesn't break frames.

A framebreaker is a site that will reload, and pop out of the surfing area while you're viewing sites. It's a huge disruption to the flow of surfing for the members, and not allowed at [BootScootinTraffic](#).

Notice up at the top left, there's a timer, and text that says, “When the timer above shows “DONE” click Confirm My Site”

So.. let's do that.

This is what we'll see if our page does not break frames. Click “Return to My Sites”

All About Traffic Exchanges

You have 2/5 site(s)

Your sites (click your site name to edit):						
AA = Auto assigned to site (Edit on Assign Credits page) CPD = Max Credits Per Day						
Site name	URL	Hits	AA	Credits	CPD	State
addons	http://allaboutaddons.com/aaa10.php?rid=1	0	0%	0	0	Rotating
aaop	http://allaboutonlinepayments.com/splash_01.php?rid=9	0	0%	0	0	Rotating
Add a new site here						

Here it is, ready to show.

Hits – the number of times your page has been shown. You can reset that number to zero clicking on it.

AA – The % of Auto-Assign you have on the site (we'll get to that soon)

Credits – the number of credits assigned to that URL

CPD – the maximum number of credits that you want to be assigned to that URL per day, however, at [BootScootinTraffic](#), we have that feature disabled. I dunno why it shows.

State – Either Rotating, Hold, or Suspended.

Rotating sites are shown to other members who are surfing.

Sites on “Hold” are usually placed there by you. Say you want to start earning credits for a site that isn't ready yet... you can place the site on hold, and accumulate credits for it. The credits assigned to the site that is on hold will not be used, until the site is “Rotating”.

Suspended sites are sites that have been found to break [BootScootinTraffic's](#) Terms of Service. They do not show in rotation, and all credits may be taken from it. The member may be suspended as well, depending on the site.

Assigning credits -

There are 2 ways to get to the “Assign Credits” page... you can either click on “Assign Credits” to the left of the member's area, or click the numbers on “Manage My Sites” that show under the “AA” and “Credits” columns.

You have 2/5 site(s)

Your sites (click your site name to edit):
AA = Auto assigned to site (Edit on Assign Credits page) CPD = Max Credits Per Day

Site name	URL	Hits	AA	Credits	CPD	State
addons	http://allaboutaddons.com/aaa10.php?rid=1	0	0%	0	0	Rotating
aaop	http://allaboutonlinepayments.com/splash_01.php?rid=9	0	0%	0	0	Rotating

[Add a new site here](#)

Either way... you'll see this:

Assign Your Credits You have **600** credits in your account.
You may assign them to the following site(s):

Assign to all active sites

URL	Current Credits
http://allaboutaddons.com/aaa10.php?rid=1	0
http://allaboutonlinepayments.com/splash_01.php?rid=9	0

This will equally distribute your credits among the above sites.

Assign credits to each site (maximum = 300).

As you can see, I have 600 credits that I can still assign to my sites.

One way that I can assign these credits is to click the “Distribute” button. This will put an equal amount of credits on all the sites I have listed.

Or, I can choose how many credits should go on each site. Let's add 50 credits to all 3 sites.

All About Traffic Exchanges

Type "50" into the box, and then click the "Assign" button.

Assign to all active sites	
URL	Current Credits
http://allaboutaddons.com/aaa10.php?rid=1	0
http://allaboutonlinepayments.com/splash_01.php?rid=9	0
This will equally distribute your credits among the above sites.	
Assign <input type="text" value="50"/> credits to each site (maximum = 300).	<input type="button" value="Assign"/>

Here you can see that the 50 credits have been properly added to each site.. with just one click!

Assign to all active sites	
URL	Current Credits
http://allaboutaddons.com/aaa10.php?rid=1	50
http://allaboutonlinepayments.com/splash_01.php?rid=9	50
This will equally distribute your credits among the above sites.	
Assign <input type="text"/> credits to each site (maximum = 250).	<input type="button" value="Assign"/>

The second way to assign credits is in the box below this one.

Assign Your Credits You have **200.37** credits in your account.
You may assign them to the following site(s):

URL	Current Credits	Assign
http://allaboutaddons.com/aaa10.php?rid=1	0	<input type="text"/>
http://allaboutonlinepayments.com/splash_01.php?rid=9	0	<input type="text"/>
		<input type="button" value="Assign"/>

You can see the URL and how many credits are currently assigned. The boxes are for you to fill in how many credits you want to assign to each URL.

All About Traffic Exchanges

Assign Your Credits You have **200.37** credits in your account.
You may assign them to the following site(s):

URL	Current Credits	Assign
http://allaboutaddons.com/aaa10.php?rid=1	0	<input type="text" value="100"/>
http://allaboutonlinepayments.com/splash_01.php?rid=9	0	<input type="text" value="100"/>
		<input type="button" value="Assign"/>

Here I've entered 100 credits to each site, since we have 200 available. We can only enter whole numbers into the boxes. Then click "Assign".

Assign Your Credits You have **0.369995** credit in your account.
You may assign it to the following site(s):

URL	Current Credits	Assign
http://allaboutaddons.com/aaa10.php?rid=1	100	<input type="text"/>
http://allaboutonlinepayments.com/splash_01.php?rid=9	100	<input type="text"/>
		<input type="button" value="Assign"/>

There are now 100 credits assigned to each URL.

Auto Assigning Credits -

Auto-Assign Your Credits
0% must be auto-assigned
Currently **0%** is being auto-assigned

Site Name	URL	Auto-Assigned
addons	http://allaboutaddons.com/aaa10.php?rid=1	<input type="text" value="0"/> %
aaop	http://allaboutonlinepayments.com/splash_01.php?rid=9	<input type="text" value="0"/> %
		<input type="button" value="Set Auto-Assign"/>

When you surf, you accumulate credits. You get to choose where, and how many credits go to your sites.

All About Traffic Exchanges

You can choose to turn your auto assign to any number between 0 and 100%. This means... you can choose how much of your surfing efforts will go directly to your websites, and start rotating, and how many credits you keep in your “account”.

Site Name	URL	Auto-Assigned
addons	http://allaboutaddons.com/aaa10.php?rid=1	25 %
aaop	http://allaboutonlinepayments.com/splash_01.php?rid=9	25 %

Set Auto-Assign

For instance... if I have the total Auto Assign set to send 50% of my credits to “addons” and 50% of my credits to “aaop”... 100% of my credits earned surfing will go directly to my sites.

While you surf, there are links in the surfbar for “extra” or “bonus” credits. These credits will not be automatically added to your sites, but stay in your account.

You can mix this up any way you want... assign 100%, or 0% or anything in between. When I surf, I assign 75% to my sites, so that I can use 25% for banner and text link conversion. But.. it's completely up to you!

When you have referrals that surf... they earn credits for you too! Their credits are added to your account every night at 2am eastern... and they're added according to your Auto Assign as well. If you have a % assigned to your sites, that percentage of their efforts will be added to the credits on your sites. The rest will go to your account.

NOTE When deleting a site, it must have 0% assigned to it, or it will not delete!

Moving Credits -

You have the ability to move credits from one URL to another.

Move Your Site Credits

Move From Site:

Amount of Credits:

Move To Site:

In the example above, I have 90 credits assigned to “addons”, and 85 assigned to “aaop”. When I move 25 credits, (by typing it in the box, and clicking “Move Credits” the totals are as follows...

Assign Your Credits

You have **0.369995** credit in your account.
You may assign it to the following site(s):

URL	Current Credits	Assign
http://allaboutaddons.com/aaa10.php?rid=1	65	<input type="text"/>
http://allaboutonlinepayments.com/splash_01.php?rid=9	110	<input type="text"/>

Troubleshooting:

Q: My site won't delete!

A: When deleting a site, it must have 0% assigned to it, or it will not delete! In “Assign Credits”... change the % to 0 on that site, then go back and delete it.

Q. Why was my site suspended?

A. Any site that does not meet our Terms of Service, will be suspended.

Q. My site says “site not found”... I put in the URL correctly!

A. if your site has a double http:// it will not show up. It's a pretty easy mistake to make.. so pay close attention when adding. A URL that looks like this will not work:

[“http://http://allaboutonlinepayments.com”](http://http://allaboutonlinepayments.com)

All About Banners!

Here's the Banner I want to advertise.

So, in the [All About Online Payments](#) back office, I see the banner, with the html.

You won't use all of this to add your banner, tho. Let me show you.

You'll go to the “Manage My Banners” section of [BootScootinTraffic](#).

That's where you'll see this:

Add New Banner

Banner Name :

Banner URL : - This is the actual banner - No HTML!

Banner Target URL : - This is the site that people go to when they click your banner - No HTML!

All About Traffic Exchanges

In the Banner Name, name it whatever you'd like. We'll name this one "AAOP" for [All About Online Payments](#).

Then, the Banner URL. This is the link that shows the actual banner.

In our example.. it's "<http://allaboutonlinepayments.com/getimg.php?id=1>" (without the quotes). We don't need anything else... just the url that the picture goes to.

Step 5: Add these banners to your site

Use this html code in your web page

```
<a href="http://allaboutonlinepayments.com/?rid=9"></a>
```

Add New Banner

Banner Name :

Banner URL : - This is the actual banner - No HTML!

Banner Target URL : - This is the site that people go to when they click your banner - No HTML!

Next, we add the Banner Target URL. That's where you want the person to go, when they click your banner! In this case, it's to the [All About PayPal](#) website, with my affiliate link. That's "<http://allaboutpaypal.com/?rid=9>".

Step 5: Add these banners to your site

Use this html code in your web page

```
<a href="http://allaboutonlinepayments.com/?rid=9"></a>
```

All About Traffic Exchanges

Then click on the “Add Banner” Button!

Add New Banner

Banner Name :

Banner URL : - This is the actual banner - No HTML!

Banner Target URL : - This is the site that people go to when they click your banner - No HTML!

Once you add your banner correctly, you'll see it here:

Banner Name = aaop

Banner Name :

Banner Target :

Banner URL :

Banner Shown : 0

Clicks : 0

CTR : 0%

Imps Remain : 0

So let's talk about those little buttons around our Banner area.

aaop is Active – This means, that if there are impressions assigned to the banner, the banner will be showing in rotation on [BootScootinTraffic](#). If you click it... it tells you that the banner is disabled.

All About Traffic Exchanges

The screenshot shows a banner management interface. At the top, it says "Banner Name = aaop". Below this, there is a banner image with the text "Know where your PayPal money is going, and why!". To the left of the banner image, there is a button labeled "aaop is Disabled" with a red arrow pointing to the banner. Below the banner image, there are three input fields: "Banner Name : aaop", "Banner Target : http://allaboutonlinepay", and "Banner URL : http://allaboutonlinepay". To the right of these fields, there are statistics: "Banner Shown : 0", "Clicks : 0", "CTR : 0%", and "Imps Remain : 0". On the left side, there are three buttons: "Delete aaop", "Reset Stats", and "Edit aaop".

The “Delete aaop” button is just what it says... it deletes your banner from the system. See “Move Impressions” later on in this report... on some Traffic Exchanges, you'll lose impressions when you delete a banner. On others, it will add it back to your account. You just never know, till it's too late!

“Reset Stats” will change all of your statistics over on the right back to zero. Maybe you just bought credits for an ongoing campaign.. and you want to test it's effectiveness... and see how much money you made BACK from your credit purchase.

If you're tracking your efforts.. you can do all that!

Statistics -

Banner Shown – how many times your banner was shown in rotation.

Clicks – how many times your banner was clicked! Yay!

CTR - “Click Through Ratio”

Meaning... number of clicks divided by the number of times the banner was shown.

Here I have

Banner Shown : 35997

Clicks : 11

CTR : 0.03%

Imps Remain : 2003

Is .03 good? No, it's not great. But it's doing better than this one...

All About Traffic Exchanges

Banner Shown : 53021
Clicks : 8
CTR : 0.02%
Imps Remain : 28479

So, that shows me I need to concentrate more on the first banner, and get rid of the second.

Impressions Remain: How many more times your banner can be shown.

Adding impressions -

There's a new feature at BootScootinTraffic... you can use it to assign all of your banner impressions at once, over several banners, or assign a certain amount to each one. You can even convert credits, and have those impressions assigned directly to the banners.

This section can be confusing, however... so we'll break it down.

Assign to all active banners	
Banner Name	Impressions Remaining
aaop	0
aaop2	0
You have 500 credits available 1 credit = 30 impressions	
This will equally distribute your credits among the above banners.	<input type="button" value="Distribute"/>
Assign <input type="text"/> credits to each site (max = 250).	<input type="button" value="Assign"/>
You have 1000 impressions available	
This will equally distribute your impressions among the above banners.	<input type="button" value="Distribute"/>
Assign <input type="text"/> impressions to each site (max = 500).	<input type="button" value="Assign"/>

This first section is about converting credits to banner impressions.

All About Traffic Exchanges

If you only click the “Distribute” button, it will take all of your credits, convert them into impressions, and assign them to each banners. Unless you want ALL of your credits to go to banners, use this next method.

You have 500 credits available 1 credit = 30 impressions	
This will equally distribute your credits among the above banners.	<input type="button" value="Distribute"/>
Assign <input type="text" value="100"/> credits to each site (max = 250).	<input type="button" value="Assign"/>

Here we'll enter 100 credits to be converted, and assigned to each banner. That's using 200 credits total, because I have 2 banners. Type in 100 into the box, and click the “Assign” button.

Assign to all active banners	
Banner Name	Impressions Remaining
aaop	3000
aaop2	3000

You can see that it assigned 3000 credits to both banners at the same time.

If you have impressions available... you can either press the “Distribute” button to assign them all to your banners, or choose how many impressions you want on each banner.

You have 1000 impressions available	
This will equally distribute your impressions among the above banners.	<input type="button" value="Distribute"/>
Assign <input type="text" value="200"/> impressions to each site (max = 500).	<input type="button" value="Assign"/>

Here I've typed 200... and will press the “Assign” button.

All About Traffic Exchanges

Assign to all active banners	
Banner Name	Impressions Remaining
aaop	3199
aaop2	3199
You have 300 credits available 1 credit = 30 impressions	
This will equally distribute your credits among the above banners.	<input type="button" value="Distribute"/>
Assign <input type="text"/> credits to each site (max = 150).	<input type="button" value="Assign"/>
You have 600 impressions available	
This will equally distribute your impressions among the above banners.	<input type="button" value="Distribute"/>
Assign <input type="text"/> impressions to each site (max = 300).	<input type="button" value="Assign"/>

Now I have 3200 impressions assigned to each banner.

Here's another example of assigning impressions.

<p>Assign Credits You have 100.77 credits</p> <p>Banner : <input type="text" value="aaop (0)"/></p> <p>Credits to <input type="text"/> Assign :</p> <p><input type="button" value="Assign Credits"/></p> <p>1 Credit = 30 impressions</p>	<p>Assign Impressions You have 1000 impressions</p> <p>Banner : <input type="text" value="aaop (0)"/></p> <p>Impressions to <input type="text"/> Assign :</p> <p><input type="button" value="Assign Impressions"/></p>
---	---

Let's use our credits first. Credits convert into Banner impressions, at the rate of 1 credit = 30 impressions. So, for every credit you assign, you'll get 30 banner impressions. Let's assign all 100.

All About Traffic Exchanges

Assign Credits You have 100.77 credits Banner : <input type="text" value="aaop (0)"/> Credits to Assign : <input type="text" value="100"/> <input type="button" value="Assign Credits"/> 1 Credit = 30 impressions	Assign Impressions You have 1000 impressions Banner : <input type="text" value="aaop (0)"/> Impressions to Assign : <input type="text"/> <input type="button" value="Assign Impressions"/>
--	---

Type "100" into the "Credits to Assign" box, and click "Assign Credits"

Troubleshooting:

Q. I tried to add my banner, but after I clicked “Add Banner”, I was just sent back to the page, and it had NO banners on it.

A. Make sure your banner doesn't have any unusual characters in it, like – or “ or ' or @. Sometimes, these characters will be rejected by the script, and make it impossible to add.

Q. Help! My banner isn't showing up! It looks like this!

A. Notice the “Banner URL”? It says “allaoutonlinepayments” instead of “allaBoutonlinepayments”. A typo could cause your image to not show. Other causes:

All About Traffic Exchanges

- The image may not be uploaded to the internet.
- You have http:// listed twice... “<http://http://allaboutonlinepayments.com>” won't work!
- The server, where the image is stored, may not be working at the moment.
- The Image URL is just completely wrong.

Banner Resources -

Almost all of the programs you want to advertise have banners to help you. However, the way to really stand out is to make your own... you can do that with [Instant Banner Creator](#).

[Instant Banner Creator](#) has templates to get you started, or you can upload pictures of you own! Oh! And it's free!

If you have several banners, you can rotate them with [IntelliBanners](#). You can add all of your banner URLs at [IntelliBanners](#), then just add your rotator URL into traffic exchanges. [You can get more information about IntelliBanners here.](#)

All About Text Links -

Text links are a much ignored, but very effective method of advertising in Traffic Exchanges.

Let's add the Text link “Manage YOUR PayPal!”

Click on the “Manage Text Links” button, on the left of your member's area.

All About Traffic Exchanges

Our link name can be aaop.. for [All About Online Payments](#)

Add New Link

The Link Text : - The link people see 26 characters Max - No HTML!

Then we add the “Link URL”... this is the page we want the user to see, after they click the text link.

We want that to be “<http://allaboutonlinepayments.com/?rid=9>” (without the quotes).

Add New Link

Link Name :

Link URL : - This is the URL for the link - No HTML!

The Link Text : - The link people see 26 characters Max - No HTML!

And I added the “Manage YOUR PayPal” to “The Link Text”. That's the part that the user actually sees.

NOTE The “Link Text” can ONLY be 26 characters!

Then click “Add This Link”

Now.. all this stuff means....

The “Link is Active” Button lets you know that it IS showing, provided you have credits assigned to it. If you click it, your link will be Inactive.... not showing.

The “Delete Link” button is just what it says... it deletes your Text Link from the system. See “Move Impressions” later on in this report... on some Traffic Exchanges, you'll lose impressions when you delete a banner. On others, it will add it back to your account. You just never know, till it's too late!

“Reset Stats” will change all of your statistics over on the right back to zero. Maybe you just bought credits for an ongoing campaign.. and you want to test it's effectiveness... and see how much money you made BACK from your credit purchase.

All About Traffic Exchanges

If you're tracking your efforts.. you can do all that!

Is .03% good? I don't know. But... if you have several Text Links, you can test them... to see which one is working better.

Text links have a lower click through rate than other forms of advertising on a Traffic exchange. Sometimes it might take 5000, or 10000 credits, to see if your text link is going to work. But.. play around with them... you'll get the magic formula soon!

Imps Remain – how many more times your Text Link can be shown

Assigning Impressions -

There's a new feature at BootScootinTraffic... you can use it to assign all of your text link impressions at once, over several banners, or assign a certain amount to each one. You can even convert credits, and have those impressions assigned directly to the text links.

This section can be confusing, however... so we'll break it down.

This first section is about converting credits to text link impressions.

All About Traffic Exchanges

Assign to all active links	
Link Name	Impressions Remaining
aaop	0
aavm	0
You have 300 credits available 1 credit = 60 impressions	
This will equally distribute your credits among the above links.	<input type="button" value="Distribute"/>
Assign <input type="text"/> credits to each link (max = 150).	<input type="button" value="Assign"/>
You have 1000 impressions available	
This will equally distribute your impressions among the above links.	<input type="button" value="Distribute"/>
Assign <input type="text"/> impressions to each site (max = 500)	<input type="button" value="Assign"/>

If you only click the “Distribute” button, it will take all of your credits, convert them into impressions, and assign them to each text link. Unless you want ALL of your credits to go to text link, use this next method.

You have 300 credits available 1 credit = 60 impressions	
This will equally distribute your credits among the above links.	<input type="button" value="Distribute"/>
Assign <input type="text" value="100"/> credits to each link (max = 150).	<input type="button" value="Assign"/>

Here we'll enter 100 credits to be converted, and assigned to each text link. That's using 200 credits total, because I have 2 text link. Type in 100 into the box, and click the “Assign” button.

Assign to all active links	
Link Name	Impressions Remaining
aaop	6000
aavm	6000
You have 100 credits available 1 credit = 60 impressions	
This will equally distribute your credits among the above links.	<input type="button" value="Distribute"/>
Assign <input type="text"/> credits to each link (max = 50).	<input type="button" value="Assign"/>

You can see that it assigned 6000 impressions to both banners at the same

All About Traffic Exchanges

time.

If you have impressions available... you can either press the “Distribute” button to assign them all to your textlinks, or choose how many impressions you want on each text link.

You have 1000 impressions available	
This will equally distribute your impressions among the above links.	<input type="button" value="Distribute"/>
Assign <input type="text" value="200"/> impressions to each site (max = 500)	<input type="button" value="Assign"/>

Here I've typed 200... and will press the “Assign” button.

Assign to all active links	
Link Name	Impressions Remaining
aaop	6198
aavm	6199
You have 100 credits available 1 credit = 60 impressions	
This will equally distribute your credits among the above links.	<input type="button" value="Distribute"/>
Assign <input type="text"/> credits to each link (max = 50).	<input type="button" value="Assign"/>
You have 600 impressions available	
This will equally distribute your impressions among the above links.	<input type="button" value="Distribute"/>
Assign <input type="text"/> impressions to each site (max = 300)	<input type="button" value="Assign"/>

Now I have 6200 impressions assigned to each text link.

All About Traffic Exchanges

Here's another example of assigning impressions.

<p>Assign Credits You have 100.77 credits</p> <p>Link: <input type="text" value="aaop (0)"/></p> <p>Credits to Assign: <input type="text"/></p> <p><input type="button" value="Assign Credits"/></p> <p>1 Credit = 60 Text Link Imps</p>	<p>Assign Impressions You have 1000 impressions</p> <p>Text Link: <input type="text" value="aaop (0)"/></p> <p>Impressions to Assign: <input type="text"/></p> <p><input type="button" value="Assign Impressions"/></p>
---	--

Here's where we assign impressions to our Text Links. You can either use credits that you've purchased, or accumulated through surfing... or impressions.

Impressions can be gained through surfing, or you can purchase them. Or, you can win them from choosing the right card on the "Prize Page"... which we'll get into later.

Let's use our credits first. Credits convert into Text Link impressions, at the rate of 1 credit = 60 impressions. So, for every credit you assign, you'll get 30 banner impressions. Let's assign all 100.

<p>Assign Credits You have 100.77 credits</p> <p>Link: <input type="text" value="aaop (0)"/></p> <p>Credits to Assign: <input type="text" value="100"/></p> <p><input type="button" value="Assign Credits"/></p> <p>1 Credit = 60 Text Link Imps</p>	<p>Assign Impressions You have 1000 impressions</p> <p>Text Link: <input type="text" value="aaop (0)"/></p> <p>Impressions to Assign: <input type="text"/></p> <p><input type="button" value="Assign Impressions"/></p>
---	--

Type "100" into the "Credits to Assign" box, and click "Assign Credits"

All About Traffic Exchanges

Now let's use our remaining impressions. We have 1000.

Type "1000" into the Impressions to Assign box, and click "Assign Impressions"

Assign Credits You have 0.77 credits Link: <input type="text" value="aaop (6000)"/> Credits to Assign: <input type="text"/> <input type="button" value="Assign Credits"/> 1 Credit = 60 Text Link Imps	Assign Impressions You have 1000 impressions Text Link: <input type="text" value="aaop (6000)"/> Impressions to Assign: <input type="text" value="1000"/> <input type="button" value="Assign Impressions"/>

other links, and all you have to do is make sure you keep impressions assigned!

Before you go... make sure you click the “Link” it made for you.... just to make sure it's working. You don't want to waste those precious impressions!

You can also move impressions from one link to another.

Troubleshooting:

Q: Every time I try to enter my Text link, it just goes back to the Text link page, without showing what I've entered.

1. Make sure your link doesn't have any characters in it, like “ or ' or -
 2. Make sure you filled in ALL the boxes... not just 1 or 2.

Q. It doesn't show all of my text link! What happened?

A. The "Link Text" can only be 26 characters. Anything over that will be cut off, or the link might not load at all.

Surfing!

Surfing is the free way to earn credits, or pageviews for your URLs. If you're a free member, your "surf ratio" is .37 to 1. Meaning... for every page you view, you will get .37 credits. 2 pages, .74 credits, and 3 pages 1.11 credit. Or, 1 pageview.

For every 3 sites you surf... your page will be shown 1 time. The more pages you surf, the Surf Ratio increases. Every day it starts over, however, if you surfed yesterday, your ratio will start out higher today.

Same goes for the upgraded levels, but they *start* at a higher surf ratio. For instance, the Willie Nelson level starts at a 1 to 1 surf ratio. For every site you view, you'll earn a pageview! That's 3 times faster than at a free member level.

So, on to surfing. This is what the surfing area looks like, when you click the "Start Surfing" button on the left.

All About Traffic Exchanges

Yes, there's lots of stuff here... but we'll go through it all.

The first part is the Countdown Timer, and the surf icons. This is the area that tells you that you viewed the page long enough to earn your credits, and you can move on to the next page.

The timer counts down from 10, (9 if you're an upgraded member!) and when it reaches 0, you'll see the surf icons.

Match the ones on the right, with the one on the left. When you match the correct one, you'll earn your credits!

It will then take you to the next page to view, and start your countdown timer over again.

All About Traffic Exchanges

Where it says “williemember earned 1.03 credits”... is where your username will be, and how many credit you've earned for that pageview.

“From \$0.11 per click NOW!” is a member's text link. If you find a text link that grabs your attention, click it! See what other members have to offer!

The Banner area gives you many options.

First, it tells you your screenname. You know... in case you forget it. I do that all the time, I'm over 35. But just barely. Heh. oh.. the ebook... sorry.

All About Traffic Exchanges

By clicking “My Account”, your surfing will stop, and you'll be taken to your member's area.

When you come across a site that you know breaks our Terms of Service, please Report it! Click the “Report Site” link, and you will be taken to this form.

Abuse report

If you think this site in any way violates the **BootScootinTraffic.com** TOS
Please type your complaint in the field below and press '**Report Abuse**':

Let us know what's up with the site, then click the “Report Abuse” button. If you were the victim of a frame breaker (where the page your viewing “takes over” the site, and you're no longer surfing), go back to surfing, and click the Report Site link. We're able to see the last 10 sites you surfed... so we'll get em!

All About Traffic Exchanges

When you come across a page that you want to look at more closely, you can click the “Open Site” link. The page you’re viewing will open in another tab on your browser, so you can read more about it after you finish surfing!

Sick of surfing? You can just go to the Buy Credits page when you click the link!

The Credits to Assign number is how many credits you have that are NOT assigned to your websites. You can see that I have 75% “Auto-Assigned”, meaning 75% of the credits I earn while surfing will go directly to my URLs. The other 25% will go into my account. That's the “Credits to Assign” number.

All About Traffic Exchanges

Credits to Assign also includes any of the credits that I might win during surfing.

I can use these credits, and convert them to banner or text impressions, or add them to my sites later.

When you click on that link... you'll see this popup. Click the "OK", and you'll have bonus credits!

All About Traffic Exchanges

Surfing is absolutely the “no money” way to advertise your site in Traffic Exchanges. But.. it IS costing you time. What if you bought 1000 credits... how much time would that save you, to work on building your business? Just a thought.

Verification Page

This is a page that helps us make sure there are “human” surfers surfing. There's a question to answer, however, we've supplied the answer for you.

When you answer the question correctly, you'll see this on the next page:

You win credits!

When you answer it incorrectly, you'll see this:

10 incorrect answers will result in your account being suspended. There's really no reason to get the question wrong, the answer is provided for you!

BootScootin Prize Pages!

Prize pages are shown at [BootScootinTraffic](#) randomly throughout your surfing session.

You have just won Ten Cents!...

...But only if you can Pick the Ace!

One of the Aces below is the winner the other three lead to a hitch in yer' giddy'up! Choose wisely...

You can win a variety of things... credits, banner or text impressions, or even cash! Every weekend, we have cash on the prize pages! During the week, there are a combination of all the different prizes... or sometimes something different!

All you have to do is pick the correct Ace to win. When you click on one of the aces, you'll see...

This if you win

And this if you don't.

But, don't worry... those Aces will come up again! Just keep surfing to see them!

BootScootin Witch Codes!

This is the page you'll be looking for... once a week, as you surf [BootScootinTraffic](#).

Every week we start a new contest... where 5 winners will win 1000 credits at BOTH [BootScootinTraffic](#) and [Traffic Witch](#)! Then... we draw winners for a monthly contest of 3000 credits!

When you see this page... just click on "Submit Form".

with the codes that you find at each exchange.

Here are the rules....

Members can find the BootScootin Witch Codes. They are randomly displayed between every 100 and 300 pages. Every Week, Sunday 18 pm European Time, the Codes change.

Members must find one Code at [Traffic Witch](#) and one at [BootScootinTraffic](#). All Members who submit the 2 codes get entered into a draw for 1000 credits. We will draw 5 Winners every week who get 1000 credits at [Traffic Witch](#) plus 1000 credits at [BootScootinTraffic](#).

So it's a total of 5 winners who get credits at both exchanges.

Once every month (every 4 weeks) we will draw 5 Super Winners from everybody who was at least 3 times in the weekly draw. These 5 Super Winners get 3000 Credits at [Traffic Witch](#) and 3000 Credits at [BootScootinTraffic](#).

We will control the surfing of all members and those who are found to cheat, for example by passing the codes to others, will get banned from this contest.
What do I have to do to Win?

Simply surf at the [Traffic Witch](#) and at [BootScootinTraffic](#) and keep an eye on the sites. When you find a BootScootin Witch Code, write it down. You need to find 1 Code at [Traffic Witch](#) and 1 Code at [BootScootinTraffic](#) within 1 week. Submit both codes before Sunday through the form on top of this page. That's it... every Sunday we will draw the winners, plus once a month the Super Winners.

The coolest thing about our promotional tools, is the custom splash page. [Tony Tezak](#) says that the way he really got his business going, was to have his picture every where... you can too!

Here's [Eva](#)'s awesome Custom Splash page...

The image shows a custom splash page for BootScootin' Traffic.com. At the top, the logo "BOOTSCOOTIN' Traffic.com" is displayed in a stylized font with a Texas state outline. Below the logo, the text reads: "A woman with a plan ... SUCCEEDS! Yay!!". To the left is a small portrait of a woman. To the right, the text says: "Here is what **Eva J. Mah** has to say about BootScootin'Traffic...". Below this is a testimonial: "*Sunny has made such a success of BootScootin Traffic that she hired an experienced TE owner to do her support ... ME!*". Underneath the testimonial is a blue button that says "Mosey on Over and Join Free Today!" with a small note "(Click the link above to open a new window!)". At the bottom, there is a purple banner with the text "Join Nexus Exchange" and a small image of a person. The background features a city skyline and a building.

You can add your picture... and a banner of your choice... and say whatever you want on the page! Cool, huh?

Yes.. this is a lot of information. Take your time.. look them over...lol

Basically you just get more perks with an upgraded membership. Increased surf ratio means less time surfing for the same amount of credits.

All About Traffic Exchanges

Increased commissions on referral's purchases means more money in YOUR pocket!

You get an higher residual traffic rate for your downline members. You also get more banner and text impressions per credit, when you convert them.

This isn't the only place you can find great deals on upgrades. Almost every day, when you log in, you can find a "Special Offer" for your upgraded memberships.

In fact.. just for having taken the time to read this ebook... I'm going to give you a special offer of the Willie Nelson upgrade... for just **\$9.99!** This is a monthly subscription, so you'll automatically be charged through PayPal or SafePay (whichever you choose) every 30 days.

Just send me a [support ticket](#), and we'll send you the link!

Buy Credits -

If you don't have time to surf... or at least not enough time to make sure your pages are in rotation 24/7, you have the option to purchase credits. This is a world wide business... people are surfing at all times of the day and night. It's important to get your sites seen all the time!

When you click the "Buy Credits" button, you'll see this page:

All About Traffic Exchanges

There are several packages to choose from... and please know that they could change at any time.

The Austin and Dallas Ad Subscriptions are just that... subscriptions. How cool would it be to know that you get 6000 credits every month, tho? Awesome, I'd think!

Start Pages -

That very first site that you see when you start surfing... is for sale!

Most sites will have a calendar, that shows you which weeks you can purchase, to have your site shown to every surfer as they start their surf session.

Site of the Week - \$25.00

see this chart of your referrals.

You'll see their names, and ID numbers, how many pages they've surfed, and how many of those YOU received because of them surfing. You can see how many referrals they have, and their Status.

You can also see which page they signed up from, and you can transfer them some credits!

This is like your own little mini-list... but, you don't want to "Spam" them. Unless they delete their account... they're pretty much "stuck" with you as their upline. Build a GOOD relationship with them... not a bad one.

By clicking the "Mail My Referrals" button, you can mail your first level downline. I would suggest not sending links, but maybe letting them know what programs to watch for while they're surfing, that you think they would profit from when they join.

You can create the subject line, and use "tags" that will substitute their first or last name.

Downline Builder -

Most Traffic Exchange you'll see have an extensive list of programs in their downline builders. [BootScootinTraffic](#) only has one. [Affiliate Funnel](#)

Why? [Affiliate Funnel](#) is the ultimate downline builder. The thing is... it's not JUST a downline builder. It's an entire program that will show you the right way to build your business.

1.) [Affiliate Funnel](#) 20 Clicks

Tired of building a business for others? Start building yours.

Enter your referral ID/username for this site below:

Terms of Service -

It's very important that you understand what kind of sites are allowed on [BootScootinTraffic](http://www.bootscootintraffic.com). The Terms of Service that have been defined here <http://www.bootscootintraffic.com/terms.php> will explain everything.

There's been some controversy of late as to “how much email you can expect to get from a traffic exchange”. I send emails almost every day. [BootScootinTraffic](http://www.bootscootintraffic.com) has a very active membership, and I have a daily “Word of the Day” contest, with winners. I update the membership as to those winners just about every day. I truly believe that communication keeps the membership active, and those are the members that will be viewing your pages!

What to advertise in Traffic Exchanges -

The people that are surfing, are thinking about getting credits to their sites. You really have to do something to WOW them into noticing your page... and then again WOW them into signing up for your list, or site.

Remember...

That timer is only 10 seconds. You have less than that to get your page loaded, and get their attention.

The best way to do that is with “Splash” pages. A Splash page is a short, fast loading page that gets attention, and has a “call to action”. Like... “click here for more information”.

You can hire a designer, or you can join a program called “[Splash Page Maker](#)”. It's an awesome resource... you can design your own page, in just a few simple steps!

There are also Squeeze Pages there to use. A squeeze page is one of those pages that ask for your name and email address. That way, you can add people to your list, by using an autoresponder... which will send them your email series.

[IM Success Formula](#) explains everything you need to know about lists, and using squeeze pages in Traffic Exchanges... and the ebook is free!

Something else I mentioned at the beginning of this ebook...

My good friend, Scott Douglas, has put together an amazing system any newbie can use to easily start profiting with Traffic Exchanges.

As a member of [TE Profits](#) Scott will show you how to turn your traffic into leads for your business, then convert your leads into paying customers on autopilot. You will also discover a strategy for upgrading your Traffic Exchange

All About Traffic Exchanges

memberships and **increasing** your positive cash flow in the process.

Imagine having upgraded memberships in 20 or more Traffic Exchanges, earning you much more traffic while surfing... plus having those upgraded memberships pay you hundreds, even thousands, of dollars per month clear profit above the cost of the upgrades!

Scott is spilling the beans on how he did it and you can get all his secrets for next to nothing. But don't be fooled... this is not just for newbies. Scott is taking brand new and experienced users alike and turning them into profitable Traffic Exchange marketers in record time!

The [TE Profits](#) system generates up front income from sales of a \$5 product with 100% commissions. Your membership is at no additional cost with your five dollar product. So in effect, you are earning \$5 every time you give away a free marketing system. Scott then shows you how to leverage those five dollar sales into upgraded TE memberships and much more income.

If you want to quickly start earning income with Traffic Exchanges but are on a tight budget, spend the \$5 bucks to grab your [TE Profits](#) membership and marketing system. The incredible training you receive is alone worth 100 times the small price you pay to get it.

That was a lot, huh. But.. using Traffic Exchanges is great way to make money online.

I do hope this ebook has helped you find your way around [BootScootinTraffic](#). [Eva](#) and I are always here to help... please let us know if you need anything!
